

PUBLICITY FOR INITIAL SESSION

COMMITTEE'S DELIBERATIONS
FOR SEAT CONTESTS SETTLED

Newspapers Will Be Represented By
Five Press Associations—Alabama
Contests First On List—No
Change in Representation Basis.

Chicago, June 6.—Publicity will govern the Republican national committee's deliberations upon the contests for seats in the national convention. This was decided without opposition at the opening session of the committee to day in accordance with the expressed wishes of President Taft and Col. Roosevelt.

The public and newspapers will be represented by the five press associations recognized by admission of their reports to the floor of the national house of representatives at Washington.

Two men from each such press association will be permitted to be present during all deliberations and decisions of the committee; there will be no executive sessions.

Thus declaring emphatically for publicity in all its proceedings, the committee also elected Victor Roosevelt of Omaha permanent chairman and adopted the rules of four years ago, which are to govern the hearings preliminary to the national convention, which begins June 18th.

Opinions differ tonight as to the significance of the only vote taken which might be construed as a test of strength in the committee as between the Taft and Roosevelt adherents in the committee. That vote of thirty nine to thirteen was on the question of confirming the representation of the newspapers to the press associations.

Complete "Removal of Lid"

The Roosevelt people contended for a complete "removal of the lid" by admitting also at least one representative of "every" newspaper having a recognition in the press galleries of congress.

This was urged by Committeeman Kellogg of Minnesota as a substitute for the recommendation of Committeeman Hart of Iowa, but it was defeated as stated above, and the roll call showed the success of Mr. Hart's motion.

The thirteen who supported Mr. Kellogg's substitute were: T. Coleman DuPont, Delaware; W. E. Borah, Idaho (who also voted by proxy of George A. Knight); A. H. Burnam, Kentucky; Pearl Wight, Louisiana; Frank B. Kellogg, Minnesota; Wm. L. Ward, New York; John G. Capers, South Carolina; Thomas Thorson, South Dakota; C. E. Lyon, Texas; C. E. Looze, Utah; Alfred T. Rogers, Wisconsin; J. Callan O'Loughlin, who held the proxy of Sidney Bieher, of District of Columbia.

Constitution of Roll Call.

The only other vote of a significant character was on the proposal of Senator Borah that eight members should be sufficient to order a roll call. This was defeated and the old rule providing for twenty for this purpose was re-enacted.

The Taft adherents did not object to the widest publicity, but argued that the committee did not have facilities for admitting all, and urged that while no part of the committee's sessions should be practically executive, stenographic reports should be given to the press.

It was pointed out by Secretary William Hayward after the meeting in announcing its results, that there was not in to day's session a suggestion from any one that any part of the future proceedings should be kept secret on the contrary, he declared that the committee would assist in giving the widest publicity to its work.

A plan to give out daily a stenographic report of the proceedings came up through the adoption of a motion by Committeeman Shakerford of Alaska, and this will be done.

One subject which was generally expected to cause friction was scarcely mentioned. That was the expected effort to seat the new national committeemen recently chosen by various state primaries and conventions. It was expected to come up especially in the case of R. B. Howell of Nebraska, who will succeed Victor Roosevelt. The latter was elected without opposition.

The chairman in place of the late John F. Hill of Maine, and to serve until the close of the national convention.

No contests were taken up, though there had been some talk of beginning their consideration late to day.

Alabama's Contests First.

The committee adjourned at 3:55 p. m. until 10 a. m. to morrow when the contests will be taken up in order, beginning with Alabama. The old rules, giving 30 minutes to each side in contests over state delegations at large and 15 minutes each side in district contests were re-adopted with out opposition.

With two hundred and thirty eight contests pending it is plain that the committee will need every available hour from now until the convention meets at noon on Tuesday, June 18th.

Representation Basis Unchanged.

The committee met for its first session soon after two o'clock this afternoon in the Coliseum Annex. Except for the preliminary organization and adoption of the rules which governed the contests four years ago, the committee transacted little business. The report of the special committee appointed at Washington last December, propos-

TAFT'S NAME MAY NOT BE FIRST

WILL WAIT UNTIL AFTER
ROOSEVELT'S NOMINATION.

Senator Cummins May Be First
Candidate Before Convention—
LaFollette Leaders Have Plan
Laid For Naming Their Favorite.

Washington, June 6.—President Taft's name may not be the first to be presented to the Republican national convention at Chicago, and in fact, Taft leaders still have said to-night that the president's name might not be put before the convention until after Roosevelt has been put in nomination.

It became known that when C. D. Hilles, President Taft's secretary, left for Chicago last night he carried with him a draft of a tentative plan for the presentation of the president's name to the convention. That plan was declared to be subject to alteration by Taft leaders now in Chicago and of course by Mr. Taft himself if he finds it unsuitable before the day when the nominations are made.

Senator Cummins First.

According to the plan the name of Senator Cummins of Iowa, who has ten delegates from his own state pledged to him, may be the first to stand at the head of the list of states in the convention roll, counting upon the Alabama delegation as certain for Taft, his political advisers suggested that he would not yield to Ohio, the president's own state, which would put him in nomination, but to Iowa, that might put forward the name of Senator Cummins.

Next in the roll of states comes Arizona, too, and that state according to the proposed schedule, would yield to New York. Although the Taft leaders also claim New York by a large majority, it was their idea that some Roosevelt delegate be permitted to present the name of Col. Roosevelt at this point in the proceedings.

Arkansas, a state claimed by the Taft leaders under his plan then would yield to Ohio and the name of the president be put before the convention probably by Warren G. Harding, former lieutenant governor of the state and one of its delegates at large.

LaFollette's Nomination.

With Cummins, Roosevelt, and Taft out of the way Wisconsin will nominate LaFollette and friends of the president claim that in putting his name before the convention his sponsor can be relied upon to leave the convention just before the vote, a denunciation of Colonel Roosevelt.

Other Plans Considered.

Although this was said tonight to be the plan most favored at present, others have been considered. One was for the presentation of Mr. Taft's name by Mr. Harding before other candidates. Another was that Mr. Taft might be suggested to the convention by New York. This appealed to some of the president's friends particularly because it is Mr. Roosevelt's homestate. One reason advanced against the giving of the honor to Ohio was that the state has more Roosevelt than Taft delegates.

DEATH FROM BROKEN BACK.

Danville, Ill., June 6.—Uriah McArdle, aged 73 died today from a broken back received while attempting to save a grandchild from injury when his yoke of oxen ran away at his home near Grape Creek. He had resided in one place for 76 years and clung to the old ox team in preference to modern methods.

ing general rules to govern the committee was received but action was deferred. On resolution of Harry S. New of Indiana, the basis of representation in the convention was continued as at present.

The roll call of the committee showed that the proxies of absent members were held as follows:

Senator Wm. E. Borah of Utah, for George A. Knight of California, (correct). (Senator Borah thus held two votes in the committee). Thomas Devine of Denver for Chas. Cavanaugh of Colorado to Represent Temporary Hardthorpe for Charles Nagel of Missouri; O. M. Landstrum for T. A. Marlow of Montana; Dennis Flynn for C. M. Cade of Oklahoma; Senator Sanders of Tennessee for S. A. Perkins, Washington, A. M. Stevenson of Colorado for N. B. Scott, West Virginia; J. C. O'Loughlin, Chicago, for Sidney Bieher, District of Columbia.

Had Flannigan's a vote.

Senator Dickson, Col. Roosevelt's manager, had the proxy of T. L. Flannigan of Nevada, but declined to use it because of his partisan interest in the committee's activity. He turned this proxy over to former Representative Lucius N. Littauer, a Roosevelt delegate from New York, but the committee declined to admit Mr. Littauer without a direct proxy from Mr. Flannigan.

Taft's Nomination Certain.

Chicago, June 6.—Charles D. Hilles, secretary of the president, arrived today and joined Mr. McKinley at the headquarters. He is in direct touch by special wire, with the white house at Washington and is keeping Mr. Taft constantly advised of developments. Mr. Hilles said:

"There is no question that President Taft will be nominated. A majority of the delegates to the convention already are instructed for, or pledged to his nomination. The only question remaining to be settled, so far as the presidential nomination is concerned, is the size of the majority for the president on the first ballot."

CONFERENCE WITH CAMPAIGN MANAGERS

TAFT AND ROOSEVELT MEMBERS
CONFER.

Advice From Leaders in Other Cities
Obtained by Wire Relative
Strength of Candidates Compared
—Both Forces Figure Out a Victory.

Chicago, June 6.—Taft and Roosevelt members of the Republican national committee tonight sent into conference with campaign managers and advisors to decide plans for the beginning of contest hearings before the committee tomorrow morning.

Questions of policies to be pursued at the hearings and also of the possible exact strength of Roosevelt and Taft men on the committee were debated until a late hour, while the advice of leaders in Washington, New York and other cities was obtained by wire.

Taft leaders declared that the single recorded vote taken in today's committee meeting, that on admission of press reporters, disclosed the line between Taft and Roosevelt adherents.

McKinley Makes Statement.

Roosevelt managers, however, insisted that the vote was without significance in attempting to measure relative strengths of the opposing camps. Taft managers said that a canvass of all contests showed that, in a majority of cases to be brought before the committee, the Roosevelt contests were without merit, and therefore, President Taft would be assured of at least two-thirds of the contested seats in the convention, in one of two statements issued tonight by Congressman William B. McKinley, head of the Taft forces, the following appears: Of the fifty-three states and territories and districts represented in the Republican national convention this year, President Taft has the entire delegations of a majority of the delegations from twenty states in the north and west, ten from the south and five from the District of Columbia and territories or a total of thirty-five. Mr. Roosevelt has the delegations of the majority of them from fourteen states in the north and west and two from the south, or a total of sixteen.

Senator LaFollette has the Wisconsin and North Dakota delegation. "Furthermore, President Taft has representation in the delegations from seven of the states which Mr. Roosevelt has carried in this contest, increasing the number of political units represented in his total delegates to 42 out of 53 in the convention."

"In the face of this analysis of the delegations by states, as they have been elected to the Chicago convention the absurdity of the claims of Mr. Roosevelt and his managers, that they control the coming convention is apparent. They will have in fact, all the difficulty possible in managing the so-called Roosevelt 'gang' delegates who already realize that they are being led into a ditch, if not into an actual bolt by a lost cause."

Victory of Col. Roosevelt.

United States Senator Dixon, when told of the committee action in voting for sessions open to the press, stated that the decision was a victory in the committee for Col. Roosevelt. He added:

"This is the first time we ever had any publicity of those matters. Beyond question we have legitimate votes to nominate Roosevelt by a vast majority. We want the public to know upon what we base that claim. We will continue to insist that the public know all the facts."

Roosewater Will Retain Seat.

R. B. Howell of Nebraska chosen for national committeeman at the state primaries, also issued a statement after conferring with Senator Dixon. It follows:

"Mr. Roosevelt will retain his seat in the national committee for the present without question, as I have been requested by Senator Dixon to define the presentations of my credentials. While I am now entitled legally, without question, to perform the functions of national committeeman from Nebraska, I shall attempt to assume the duties of that office only when the duties of Col. Roosevelt's campaign so demand."

"I have been thoroughly in accord with the Roosevelt management in this matter from the beginning and in assuming this attitude, I believe that I have been and now, am fully performing the duty imposed upon me by the progressive Republicans of Nebraska when they so decisively recalled my opponent, Mr. Roosevelt."

Postponement of the Roosevelt and Howell contest by the committee, was variously construed. Certain Taft adherents said the Roosevelt managers were unwilling to take the initiative in asking for a roll call on any such clearly defined issue at this time.

LORIMER TO SPEAK LAST.

Washington, June 6.—Senator Lorimer of Illinois plans not to speak in defense of his seat in the senate until practically all other speeches on both sides have been presented.

All efforts have failed to induce him to resign to avoid what some senators have told him is certain defeat, after a careful canvass of the situation. Senator Lorimer insists that whatever he has to say will be said to the senate. He has made notes frequently during the speech of Senator Kern of Indiana. Senator Kern expects to conclude his speech against the Illinois senator tomorrow.

CUBAN PEOPLE URGED TO ARM
AND ORGANIZE.

President Sees National Peril and Prepares to Fight Barbarous Hordes—Santiago Is Being Surrounded.

Havana, June 6.—The gravity of the situation in Cuba was emphasized by the issuance, late tonight, by President Gomez of a proclamation to the Cuban people urging them to arm and organize in the face of the national peril.

The president expresses the hope that congress tomorrow will vote credit to cover the extraordinary military preparations—this in addition to the \$1,000,000 already voted.

In his proclamation, President Gomez calls upon the Cuban people to rally to the support of the government and to take up arms in the cause of civilization and their nationality against the onslaughts of barbarous hordes. Military operations in the province of Oriente have been brought to a halt due to the apparent failure of General Moa, tencado's original plan of campaign, which comprehended a simultaneous advance in the territory occupied by the insurgents of heavy columns of infantry, accompanied by artillery and rural cavalry.

Throughout all parts of the island loyal citizens are arming and organizing volunteer corps. Assistant Secretary of Interior Vandamann announced tonight that it was the duty of all whites to arm themselves without awaiting the formality necessary to secure permits from the government.

The situation was discussed at a cabinet meeting today, after which Secretary of State Sanguinelli expressed the opinion that the crisis was most grave.

Great alarm continues at Santiago where preparations are being made to defend the city.

CANAL BONDS SPENT

No More Bonds Will Be Issued During Present Administration.

Washington, June 6.—The entire proceeds of the Panama canal bonds of 1907, issued less than a year ago, have been spent. The last of the loan was wiped out to day by the progress of the waterway that will sever the American continent. Officials of the treasury do not contemplate issuing any more canal bonds during the present administration.

Secretary McVeagh to day disbursed \$1,000,000 for the construction of the ditch. The amount not only exhausted the proceeds of the bonds and their premiums, but in addition deducted \$550,000 from the general fund of the treasury.

The construction of the waterway, like the ordinary expenses of the government, it is expected will be borne by the receipts from customs and internal revenue for months to come.

If necessary, Secretary McVeagh could issue \$136,307,000 in canal bonds of all ones. That amount has already been spent out of the general fund and by act of congress is reimbursable by bonds. The total cost of the waterway, it is estimated, will be \$275,200,980. Of this \$274,908,000 has been expended.

TO SUSPEND "GAG RULE."

Minneapolis, Minn., June 6.—As the result of a decision reached to night by five hundred "insurgent" Modern Woodmen of America, several hundred Woodmen will on Friday visit the Minnesota legislature, now in special session and demand that it suspend its "gag rule," limiting bills that can be introduced, and pass a bill forbidding the head camp of the Woodmen from increasing its rates in Minnesota higher than the rate paid at the age of entrance.

Telegrams are being sent throughout the state urging Woodmen to telegraph their representatives in the legislature to assist in passing the bill.

The Woodmen assert the action lies in the province of the legislature maintaining that the increase of rates as proposed would mean the loss of thousands of dollars in Minnesota.

BIG CUT CHARGED ON PANAMA CANAL BILL.

Washington, June 6.—Charges that the appropriation for the Panama canal had been cut by \$16,700,000 on secret? Information obtained by the appropriations committee and not divulged to the house precipitated a sharp clash in debate today when consideration of the sundry civil bill was resumed.

Members of the committee admitted the charge was true, but defended their action with the explanation that the information was taken at an informal gathering of members of the committee.

Explaining the reasons for the cut, Mr. Page said that within the last six months many canal employees had been discharged and that the force retained had developed an efficiency beyond the expectations of even the most sanguine.

EX-PRESIDENT SAYS HE MAY GO

Senator Flynn Departs in Post Haste as Colonel's Representative to National Delegate Seating Contest—Other Pennsylvania Men Participate in Conference.

Oyster Bay, June 6.—State Senator William Flynn of Pittsburgh was despatched post haste to Chicago by Col. Roosevelt to night, to act as the colonel's representative in the fight before the national committee after seating contest delegates. This decision was reached after a conference at Sagamore Hill, in which the situation at Chicago as told to the colonel over his private wires from the seat of war, was discussed at length. The decision to send Mr. Flynn to Chicago was reached so suddenly that he was barely able to catch the last train from Oyster Bay intending to take a midnight train for the west.

Three other Roosevelt men from Pennsylvania participated in the conferences. They were E. A. Van Valkenberg, publisher of the Philadelphia North American; Richard Quay, son of the late Senator Quay, and Alexander Moore, publisher of the Pittsburgh Leader.

The question whether Col. Roosevelt will go to Chicago was discussed but not definite decision was reached. The colonel indicated more strongly than before, however, that there was a chance that he would go, by fixing approximately the time at which he would depart in case he decided to make his fight at Chicago in person.

"I may go to Chicago at the end of next week," he said, "but I have not decided yet, however."

SOLID FOR WILSON

Minnesota Democrats at State Convention Will Send Full Delegation For New Jersey Candidate.

Duluth, Minn., June 6.—Minnesota Democrats at their state convention today voted to send a full delegation of 24 to the Baltimore convention with instructions to vote for Woodrow Wilson.

It was agreed, however, that whenever in the opinion two-thirds of the delegation Wilson's nomination is impossible the vote may be thrown to another candidate.

Victory came for the Wilson forces only after followers of Champ Clark and William J. Bryan had made an attempt to have the delegates either instructed for Bryan or not instructed at all.

As a result of the attempt to stamper the convention for Bryan the hall was in an uproar for more than an hour. During that time, however, the name of Champ Clark was not mentioned. Even by those who contended for an uninstructed delegation.

The Wilson men also selected Fred P. Lynch of St. Paul for national committeeman. So overwhelming was the sentiment in his favor that his opponents did not present a candidate to the convention.

KILLED IN AUTO ACCIDENT.

Springfield, Ill., June 6.—Levy Herrod, a wealthy retired farmer of Edinburgh, Christian county died this morning as the result of injuries received Wednesday when his automobile went over an embankment near his home. A neighbor's dog ran in front of the car and in attempting to save the animal, Herrod lost control of the machine which turned completely over, pinning the driver beneath.

MAJORITY FAVOR STRIKE.

Chicago, June 6.—Referendum votes by nine crafts unions of shop employees on railroads running west of Chicago on the question of striking out on a sympathetic strike shows a majority in favor of the strike. It was made known here to night. Next week a conference of international officers will decide as a course of action.

Only one union is said to have favored remaining at work, but a majority will make that vote inoperative, it is said.

July 1 is the date on which action is expected to be taken. About 100,000 shop employees are involved.

ADOPTS STRONG RESOLUTIONS.

Tripoli, Jan., June 6.—The Iowa district of the German Evangelical synod of North America which closed at this place last night, adopted strong resolutions as follows:

"The district of the German Evangelical synod of North America most emphatically protest against the pre-arranging of special privileges or concessions upon any religious body or sect, by the president of the United States and consider such action as un-American, and deserving of severe criticism."

This relates to the president's order concerning the garb of native priests in India schools.

MEDICAL MEN SEPARATE.

Atlantic City, N. J., June 6.—John Witherspoon of Nashville, Tenn., today was elected president of the American Medical association by the house of delegates which looks after the business of the organization.

With the exception of a half dozen sections which will continue their sessions tomorrow the convention practically came to a close tonight. Minneapolis was selected as the next meeting place.

JUDICIAL REGULATION SUGGESTED FOR BANK EVIL.

Strength of New York Clearing House Association Far Reaching—Belief That Inter-State Commerce Laws Are Violated.

New York, June 6.—The immense power wielded by the New York Clearing House association over the banks of the count's financial center and arbitrarily lodged in the hands of five men should be placed under judicial regulation, it was conceded by William Sherer, manager of the association, on the witness stand to day.

Mr. Sherer was the chief witness at the first hearing held by the house committee on banking and currency, which is investigating the through Mr. Sherer, testimony to the matter came to New York to day to take such testimony as its powers will permit, pending the passage of the amendment to the banking law now in the senate, under which the committee hopes to be able to enforce from the banks its demands for the information which it expects to make the basis of remedial legislation.

While to day's inquiry was characterized by Chairman Pujos as "collateral" to the main scope of the inquiry, Samuel Undermyer, special counsel for the committee developed, through Mr. Sherer, testimony to the effect that the destiny of practically every financial institution in New York was potentially at the mercy of the "mere whim, determination or order" of the five men who composed the "New York clearing house committee."

Mr. Undermyer referred to the regulations of the association conferring this power as "monstrous" and also raised the question as to whether the association did not violate the inter-state commerce laws in the banking operations of its members with out of town banks.

The clearing house committee is composed of Frank A. Vanderlip, president of the National City bank, the largest in the country; James C. Cannon, president of the Fourth

Last spring four small and ragged boys called at the office of a Chicago settlement house. They came in seriously and took chairs facing the south wall, where hung a large map of Illinois. Presently Tony said:

"Miss Brown, please could we look at the map?"

"Certainly," answered the head resident, and saw with amazement eight bare legs dash across the room, and four pairs of brown eyes began to search the map while grimy fingers eagerly traced all the railroad lines out of Chicago.

A whispered consultation followed. Then, with evident disappointment, Tony turned to the head resident.

"What is it, boys?" she asked.

"Please, Miss Brown," said Tony, leading her over to the map, "could

you show us where we could find a forest?"

"A forest!" echoed Miss Brown, looking at the small boys who had never seen out of sight of a city tenement.

Tony hung his head a moment. "Yes," he said, "we want to live in a forest."

Across the mind of the head resident flashed a picture of Tony's home, the hot, garlie-scented kitchen, which was also parlor and dining room, where his mother fed three lodgers and five children younger than twelve year old Tony; the two dark bed rooms, just large enough to hold a double bed overloading with clothes; the foul sink in the long tenement hall; the tottering rear steps which led to a paved court where the garbage lay in heaps black with flies; and out beyond, the grey stretches of asphalt, brick and crumbling wood.

Where, out of all this noise and ugliness, had risen the dream of the forest?

Judicious questioning revealed the fact that, to Tony's mind, the word "forest" conveyed a mixture of ideas. It was a place given and cool, where "de kids could go swimmin' without de cops"; it held secret spots where only "de kids of de gang could come and see the pass word"; and school and nickel theatre had combined to people its dim aisles with Indians, Robin Hood's men, ghosts, cowboys and bandits.

It further developed that two weeks back, Tony and his band of three had set out, with sixty cents and a bag of potatoes, to walk to a forest, and had it not been for a wholly unsympathetic policeman, who found them on their second night out, fast asleep on a street corner, and promptly restored them to their distracted parents, they might even now have been roaming the enchanted paths of "de forest."

Tony, Frank, Peter and Michael went to the country last summer as someone's guests. They lived, if not "in de forest," so close to the neighborly woods that squirrels, snakes and huckleberries became their friends. They learned to know the trees and discovered that the theft of green apples carries its own penalty. They saw the process of tilling the earth, of seed time and harvest, and it gave them new points of contact with school, with books, with other children, and with peasant parents, back in the city. They grew strong and rose on the pure milk and the sunshine.

Pictorial Review Patterns for July Are Now on Sale

The midsummer styles of these celebrated patterns are doubtless the most charming creations ever put out by any pattern concern, and the woman who has a garment of any description to make does herself an injustice if she fails to see a Pictorial Fashion book first.

You can tell a Pictorial style anywhere you see it—always refined—graceful, out of the ordinary.

ASKS REVIEW OF DECISION

Order of St. Benedict Appeals to Supreme Court.

Washington, June 6. Attorneys of the order of St. Benedict of New Jersey to-morrow will ask the supreme court to review the recent decision of the eight circuit court of appeals, that the agreement of a monk to convey all his property to his order was void, as against public policy.

The decision was made in the case of Father Augustine Wirth, for 50 years a member of the Benedictine order and at his death owner of a German church society at Springfield, Minn. The court held that his relative rather than the order were entitled to the \$5,000 property in his name when he died.

Many attorneys have filed reasons with the court for a review. "If carried out to its full extent," the attorneys added, "the decision may eventually dissolve or disintegrate the temporary organization of the church orders."

As "Ed" Howe Sees Life

For every quarrel a man and wife have before others, they have a dozen when alone.

You are conceited, of course; everyone is, but be careful not to show it. People are easily disgusted, but nothing disgusts them so quickly as conceit in others.

Although every man's hand is against a rat, a rat gets along very well. Think of the luck a rat must have to merely live!

Every man who is whipped for a sin, claims that other men have done more and been whipped less.

Your acquaintances may not help you much, but they can do you a lot of harm if you offend them.

You never knew a good looking man who was popular among men.

When a man tries himself, the verdict is always in his favor.

Women dress their little girls with taste, but sometimes they put costumes on their little boys that look funny.

Ever know a man so fair that he wouldn't twist his side of the story a little?

It is said of so many boys: "They will come out all right," an intimation that they are not all right now.

First Reunion of The Class of 1868 of Illinois College—History of Its Members

One of the most notable events of this commencement season has been the attempted reunion of the class of 1868 of Illinois college. Mr. R. H. Beggs of Denver was the suggester that the class try to get together this year and Mr. Moore was actively engaged in forwarding the matter by inviting his classmates to dine with him on commencement evening. The class as graduated consisted of the farmers, Beggs, Fayerweather, McCann, Meek, Miller, Moore, Munroe, Paxson and Williams, and was graduated on Thursday, June 1, 1868. The commencement exercises being held in the usual place of those days, Strawn's hall, which was crowded for the occasion. A remarkable feature of the day was the instituted manner in which the heavens wept in view of the loss Jacksonville was sustaining in losing that class. One speaker had to wait a moment till the thunder which interrupted his oration subsided. In those days it was customary for the friends of the graduates to bestow bouquets upon the young men; and '68 was fairly smothered with flowers.

The next evening Mr. and Mrs. Joshua Moore gave a party to the class in honor of Enley Moore as well, and the last Wednesday night entertained those in town at his old home.

Dr. Sturtevant was president in '68, Prof. Sanders teacher of English, Prof. Crampton of mathematics, Prof. Tanner of Latin and Greek and Dr. Samuel Adams of natural philosophy. Joseph Bush Hays King—who was not as long as his name—tailed on some final examinations, so he made them up, and was graduated with the class of 1870.

Frank Elliott stopped a while before commencement and Samuel W. Nichols put two or three years in one, and so did not graduate with the class, but they were both fine scholars. Since then the college has "restored them to class relationship" and they are now counted with it as alumni.

William D. McCormick was a member of the class for some time and being an intimate friend of several of its members, is counted at least as a "leave" member.

The following were at Mr. Moore's dinner: C. Barber, R. H. Beggs, Enley Moore, Nicholas, Fayerweather, Meek, Miller and McCormick.

Sketches of the members follow, it being understood that Mr. Nichols did not write any of the references to himself.

Edward A. Barber.
Barber, Edward A., was born near Concord, Ill., Aug. 22, 1818. He came to Jacksonville to live in the fall of 1847. Entered Illinois college in 1864, being graduated in '68. He taught the Prairie school one year, and another year in the Jacksonville High school. Then studied law with Morrison, Whitlock & Gallagher, and went to Humboldt, Kan., where he began the practice of law. He continued his practice for some years, then moved to Springfield, Mo., in Nov. 1897. Left Springfield in 1909, and went to Fallon, Nev., where he is now engaged in farming.

Mr. Barber married Miss Elizabeth Warrs of Humboldt, Kan., about 1874, and they have had five children, one of whom died about three years ago.

George C. Barber.
Barber, George C., like his brother E. A., was born near Concord, Ill., Dec. 1846, and came to Jacksonville in 1863. He entered Illinois in 1864, being graduated in '68. He then taught school one year at the Point, one at the Kinman school-house and one year at Franklin. He went to Humboldt, Kan., and bought a farm with his brother in 1871. Stayed there one year, then came back to Jacksonville county, Illinois, where he bought a farm at Broadlands, and had a station named for him on the railway.

Mr. Barber married Miss Nannie Henry, of Woodson, Ill., Jan. 27, 1872, and they had two children, a boy and a girl. The son died July 4, 1898.

Mr. Barber went back to Humboldt in 1881 and engaged in banking until 1897, when he returned to Champaign county, Illinois, where he farmed again. He married Miss Carrie Slater, Sept. 30, 1884, and they have had two children, a boy and a girl.

They left Broadlands in 1904 and lived a short time at Webster Grove, Mo., near St. Louis, going to Prairie Oaks, which has since been their home (Jan. 1905). There Barber was engaged in banking until 1907, since which he has been postmaster, retaining his interest in the bank. Mr. Barber organized four banks between '08 and '03, in Oklahoma, for Hoffman, Charles and Conklin.

Both of the Barbers have been Presbyterians and elders, and George C. is on his way home from the general assembly at Louisville, Ky., to which he was a commissioner.

Robert H. Beggs.
Beggs, Robert H., was born in Cass county, Illinois, in 1844, entering Illinois college in 1866 and was graduated in '68. He has taught school continuously since his graduation, except a year spent at the Illinois State Normal from which he was graduated in 1872, and the year '71-72, when he had a leave of absence owing to illness. For the last thirty-three years he has been connected with the schools of Denver, Colo. Since '83 he has been interested with Mr. C. W. Crews in the drygoods business in Pueblo, Salida and Leadville, Colo. Beggs being president of the companies. During the last dozen years he has given away, mainly to Denver university of which he is a trustee, more than his entire salary since he entered the Denver public schools.

Mr. Beggs married Miss Gertrude Town, of Bloomington, Ill., in 1875. She died in 1888, and in 1890 he married Miss Clara Decadley, of Denver. He has four children—Mrs. L. L. Miller, Washington, D. C.; Mrs. V. Z. Haven, Pueblo, Colo.; Miss Linda, a college junior, and Robert Harold, a high school senior.

Mr. Beggs has been an officer of,

and on the programs of, the National Educational society. He is a member of the Methodist E. church and was a delegate to the general conference of 1908. He is also a Mason.

Mr. Beggs has travelled in Europe and during the last winter was in the Island of Jamaica and visited the Panama canal. It goes without saying that he has travelled from the Atlantic to the Pacific in his own country.

Wm. F. Fayerweather.
Fayerweather, William F., was born in Burlington, Ia., Dec. 27, 1847, and that was his home until his graduation. He entered Illinois college the fall of 1863, being graduated in '68. He was connected with an engineering corps of the Burlington railroad for the next two years, in Iowa and Nebraska, and helped theodolite that railway into Lincoln, Neb. He then spent two years in the auditor's office of the Burlington, in Burlington. In '72-73 he was in the lumber business in Atchison, Kan. He was assistant to the superintendent of Pullman company at Kansas City, Mo., from '73 to '77. About '77-78 he was agent of the Pullman company at Houston, Texas, where he acquired the yellow fever, which disabled him for several months. He returned to Kansas City and again became assistant in the Pullman office, becoming cashier and local assistant superintendent in '79, at Denver, Colo., where he remained until '82. He then became paymaster of the K. C. Pullman district, which position he occupied for fourteen years. Since then he has been with the Travelers Insurance company of Hartford, Conn., as special claim agent in railroad department at Kansas City.

Mr. Fayerweather married Miss Fanny P. McCalvy, of Kansas City, Mo., Jan. 12, 1882, and they have had two daughters; both grown and one married. Mrs. Fayerweather died Aug. 29, 1897.

Mr. Fayerweather has always been a member of the Episcopal church since his youth and takes great interest in it.

His father was a brother of both of President Surtevant's wives, and Fayerweather's mother was a sister of the father of Frank and Howard Dean of this city.

Franklin M. McCann.
McCann, Franklin M., was born at Columbus, Adams county, Illinois, about 1850. He removed soon after to Quincy, which is still his home. He entered Illinois in 1867 and was graduated in '68. After leaving college and studying law with Skinner and Marsh, in Quincy, he was admitted to the bar and has continued the practice of his profession since.

Lack of information prevents a more extended sketch.

Joseph A. Meek.
Meek, Joseph A., was born near Sparta, Ill., Jan. 12, 1844, and entered Illinois the fall of 1865, being graduated in '68. He, with his brother Stafford, served during the war in the 49th regiment of Missouri vols., in the union army, and came here next after their discharge.

After his graduation Mr. Meek engaged in commercial travelling in the South and East, for some years, until the Spring of 1881, when he was married to Miss Amelia Bates, of Providence, R. I. He then came to Chicago, where he studied medicine and was graduated from Rush Medical College, and has since practiced his profession in Chicago. Dr. and Mrs. Meek were the parents of three children; two of whom died in infancy, and one lived to be twenty-five years of age.

Ensley Moore.
Ensley Moore was born in Springfield, Ill., April 16, 1846, and was taken to Perry, Pike county, in 1847. His mother's grandfather was prominent in civil affairs and in assisting in establishing the government of the United States. His father's family was conspicuously identified with the state government of Illinois. He attended schools in Perry until 1857, when his family came to this city, buying the place known now as 856 West State street, which has been his residence ever since. He attended the West District school under Bateman, Tunnel and Kirby, and entered the Preparatory department of Illinois College September, 1862, joining the Sigma Pi Society, of which he has ever since been a prominent and honored member. He was graduated from Illinois college in 1868, with the degree of B. S., and delivered the address historical of the Sigma Pi Society in 1871, at the Annual Literary Exercises, Newton Bateman being the orator. Mr. Moore joined Westminster Presbyterian church March 1, 1863, and was elected a Trustee in 1870, serving many years as Secretary and as Treasurer of the board, and being President of the same from 1886 to 1902, when his son, William Walter, took his place in the board. During this time Ensley Moore was chairman of the building committee in constructing the new stone church building. He was Superintendent of the Sabbath School 1880-4 inclusive. In 1873 he was elected Secretary of Illinois College Alumni Association, and served until 1897. He was elected a trustee of Illinois College in 1892, resigning in 1901. He was also a Charter trustee of the Illinois Conservatory of Music, from 1883 serving several years as secretary of the board. In 1894 he was elected president of the Morgan County Bible society, serving until 1900. In 1892 Mr. Moore became an elder in the Presbyterian church, and has served in Presbytery, Synod and General Assembly; still filling the office, and he has been connected with religious work in this city ever since reaching his majority. He has been active in politics since 1874, when he was elected Alderman from the Second Ward, and was again elected in 1882, but counted

YOUNG MOTHERS

No young woman, in the joy of coming to herhood, should neglect to care her system for the physical. It is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons involved, and keeping the breasts in good condition, brings the woman to the crisis in a normal physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice will be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores.

MOTHER'S FRIEND

Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. **BRADFELD REGULATOR CO., Atlanta, Ga.**

Mr. Moore was married to Miss Mary R. Moore, daughter of the late George L. Rine, D. D., of Jacksonville, Oct. 22, 1873, and they have had six children, five of whom are living.

George W. Miller, was born in Missouri, Mo., May 12, 1822. He entered Illinois College in 1840, and was graduated in 1845. He then read medicine and graduated from the Medical College in St. Louis, in 1847. Then he began practice at Princeton, then in Jacksonville, and ended in Woodville, in 1872. That place has since been his residence. Dr. Miller became a minister of the Christian church and began preaching in 1875. He since has practiced medicine and also preached.

Dr. Miller was married to Miss Lucy H. Galbraith, of Jacksonville, July 18, 1871, by whom he had four children, all of whom died young. He married Miss Matilda P. Dorris, Sept. 9, 1890, his first wife having died. His second wife also died.

Dr. Miller is a thirty-second degree Mason.

James E. Munroe, was born in Rockville, Ill., about 1818, being the son of Dr. Thomas and Mrs. Anna (Ellen) Munroe. His father was a prominent man of prominent Maryland birth and ancestry, and his mother was a native of New York state, of prominent New England and Knickerbocker ancestry.

Mr. Munroe entered Illinois College in the Fall of 1835, being graduated in '38.

He then read law with Judge John C. Bagley, of Rockville, and later entered the law office of the Hon. William C. Gundy in Chicago, where Munroe entered upon the practice of law about 1841. The fine ability which characterized Munroe in college made for his great success in his profession, which he has followed ever since entering it with great order and high success, being to day one of the ablest and most prominent lawyers in Chicago. He has practiced in the state and federal courts, and in the Supreme Court of the United States, his specialties being real estate and high business cases. He has devoted himself strictly to his profession, never branching out into politics or other lines, and has given himself little rest from his labors.

Mr. Munroe married Miss Kate B. Smith, daughter of David A. Smith of Jacksonville, in October 1874, and they have been the parents of two children, a son and a daughter.

Alfred A. Paxson, was born in Winchester, Ill., Dec. 19, 1844, being a son of Stephen Paxson, the great South School missionary of the early days in the West.

Mr. Paxson entered Illinois College in 1861, and was graduated in 1865, being the valedictorian of the class.

He entered the law department of Washington University, St. Louis, and was graduated as valedictorian in 1870. He studied with Judge H. H. Munroe, here, and was admitted to the bar Feb. 22, 1871. He then went to Rockwall, Tex., and began the practice of law, being elected County Superintendent of schools in 1871. He then returned to St. Louis, where he has since lived and practiced his profession, having also assumed the title of Judge. He has also taken some part in politics.

In 1876 Judge Paxson delivered an historical address on the Phi Alpha Society here.

He married Mrs. Julia L. Hart of St. Louis about 1874 and they have four children living.

Judith Paxson as was his father before him, is a member of the M. E. church.

George W. Williams, was born about 1817, from France, Kansas, and entered Illinois in the fall of 1864, being graduated in '68.

After his graduation Mr. Williams has not kept in touch with his class mates. But it is understood that he is still a resident of his old home, and that he has prospered as much or more, if not more, than any other of the class.

Frank Elliott, was born in Greenville, Ky., July 29, 1859, and brought to Jacksonville in his infancy. He entered Illinois in the fall of 1868. Leaving during the year 1878. He afterwards traveled extensively in Europe, and then came to Jacksonville in 1880. He was then employed in the First National bank, and entered the banking house of Hockenbush, King & Elliott.

Samuel W. Nichols, was born in Adams county, Ill., February 5, 1844. He served in the 111st Regiment Ohio volunteers, and entered Illinois college in 1864, but left college in 1866. He taught in the Jacksonville Business college, in 1875-76, became treasurer of the Gas company, and was then employed in the First National bank. He engaged in business about fourteen years, and became an editor of The Journal in 1884, in which work he has since been engaged; being one of the stockholders of the company.

Mr. Nichols married Miss Helen M. Storrs, December 30, 1873, and she died January 15, 1887.

Mr. Nichols has been an extensive traveler, visiting Europe several times, Egypt, Holy Land, Turkey, besides Mexico, the Sandwich Islands, Alaska and all parts of the United States. He has lectured often upon his travels, illustrating with stereopticon views.

He has long been an active member of the Congregational church, and has been greatly interested in children and young people. He has taken thousands on excursions to neighboring cities, and become a patron saint to school children. He has also been a trustee of Illinois college.

Mr. Nichols gave a park addition to the city some years ago, now called by his name; and recently a public playground.

He has assisted nearly a hundred young people in getting an education, his greatest life work.

He became a partner in the firm of Hockenbush and Elliott in 1889, and has since become president of the bank now called the Elliott State bank. Mr. Elliott is now the dean of the bankers of Jacksonville. He has adhered closely to his business, sedulously avoiding politics. But he took time about two years ago to visit Europe, with his wife.

He married Miss Cornelia S. Sanders in 1877, and they have had two sons, one a banker and the other a lawyer in Chicago.

Mr. Elliott is a member of Westminster Presbyterian church, in which he is a trustee, and was treasurer for many years. He was also a trustee of the Jacksonville Female Academy, at the time of its being taken over by Illinois college.

Samuel W. Nichols.

Samuel W. Nichols, was born in Adams county, Ill., February 5, 1844. He served in the 111st Regiment Ohio volunteers, and entered Illinois college in 1864, but left college in 1866. He taught in the Jacksonville Business college, in 1875-76, became treasurer of the Gas company, and was then employed in the First National bank. He engaged in business about fourteen years, and became an editor of The Journal in 1884, in which work he has since been engaged; being one of the stockholders of the company.

Mr. Nichols married Miss Helen M. Storrs, December 30, 1873, and she died January 15, 1887.

Mr. Nichols has been an extensive traveler, visiting Europe several times, Egypt, Holy Land, Turkey, besides Mexico, the Sandwich Islands, Alaska and all parts of the United States. He has lectured often upon his travels, illustrating with stereopticon views.

He has long been an active member of the Congregational church, and has been greatly interested in children and young people. He has taken thousands on excursions to neighboring cities, and become a patron saint to school children. He has also been a trustee of Illinois college.

Mr. Nichols gave a park addition to the city some years ago, now called by his name; and recently a public playground.

He has assisted nearly a hundred young people in getting an education, his greatest life work.

er, Mr. E. Miller, Moore, Munroe, and Williams were members of the Sigma Phi society; Elliott, McCann, Nichols, and Paxson being Phi Alphas. Moore and Nichols being called the "Warhorse" of their respective societies.

This is the story of the class of 1868, and it is one hard to beat in work, success and usefulness.

Mr. Moore Entertains.

The gathering and reunion at the home of Enley Moore, Wednesday evening of commencement week was a really fine affair. The old boys already mentioned were largely represented, the Mr. Moore and treated to the best the home affords and all proceeded to enjoy themselves to the full. The scenes and days of college times were discussed and many an adventure was related which had not been thought of for years. The occasion lacked only the presence of the few who were away but all there fully entered into the spirit of the evening and declared the members of the class must better keep in touch with each other in the future. To that end regular organization was effected by the election of:

W. H. Beers, president.

Enley Moore, secretary.

It was agreed that a circular letter should at once be started so that the members may hear from each other once a year.

During the evening a fine course supper was served and it was an excellent feast greatly enjoyed by all present. The hearty thanks of the boys were rendered, the generous host for his kindly hospitality and at a late hour the class adjourned with regrets at parting but with many happy recollections of the reunion.

TO HONOR PROF. TURNER.

Urbana-Champaign, Ill., Editor Journal, Jacksonville, Ill.: I take great pleasure in extending to you a cordial personal invitation to attend the commencement exercises of the University of Illinois, which will be held at ten o'clock on Wednesday, June 12, 1912, on the campus at Urbana, Illinois. As this year is the fiftieth anniversary of the passage of the so-called land grant act, out of which this institution has grown, we propose to take special notice of this fact. As, in my opinion, Jonathan Baldwin Turner deserves the credit, more than any other single man, for the passage of the bill, I am proposing to give the commencement address myself, and devote it to a consideration of his life and work.

Our auditorium is very small, and consequently there is great pressure for the seats, it being possible to accommodate only a small proportion of those who wish to attend. The university will take great pleasure in reserving a seat for you if you will immediately indicate your desire that this shall be done, to

Prof. H. J. Barton, 126 Lincoln Hall, Urbana, Illinois.

Trusting that you may be able to be with us, I am

Faithfully yours,

Edmund J. James.

CHOSEN A DELEGATE.

Mrs. Florence Fitzgerald, daughter of A. D. Correa, of Chicago, formerly from here, and niece of the late Joseph P. Correa, has been elected by the Women's Federation club of Chicago as a delegate to the national convention to be held in San Francisco this summer. Mrs. Fitzgerald is quite a worker in the federation in Chicago, and a young lady of charming personality.
